v2.10 EXECUTIVE OVERVIEW

Date: August 5, 2026

Hotel Maluri

Executive Profit & Loss & Variance Audit Report (June 2026)

EXECUTIVE SUMMARY · JUNE 2026

Unit economics showing steady recovery — but constrained by a 94.5% payroll intensity ratio vs 35-40% target.

Total Room Revenue reached **RM 380,114.73** (RevPAR RM 82.79, ADR RM 153.36). Gross room operating margin stands strong at **89.6%**. Total monthly payroll of **RM 432,729.18** represents **94.5%** of revenue, remaining the primary structural barrier to net profitability. Basic salary optimization (-27.8% vs Jan) demonstrates positive restructuring progress.

▲ REVPAR YIELD	★ BASIC SALARY OPTIMIZED	! PAYROLL INTENSITY	⚡ OUTSOURCED LABOUR
RM 82.79	RM 219,466	94.5% Rev	RM 37,685

MISSION CONTROL AUDIT ALERTS & EXCEPTION TRIGGERS

⚠️ **[Utility Audit] Missing Accrual Alert: Sewerage (904-U004)**

Sewerage expense recorded at RM 12.00, which is 99.8% below the fixed H1 run-rate baseline of RM 5967.60.

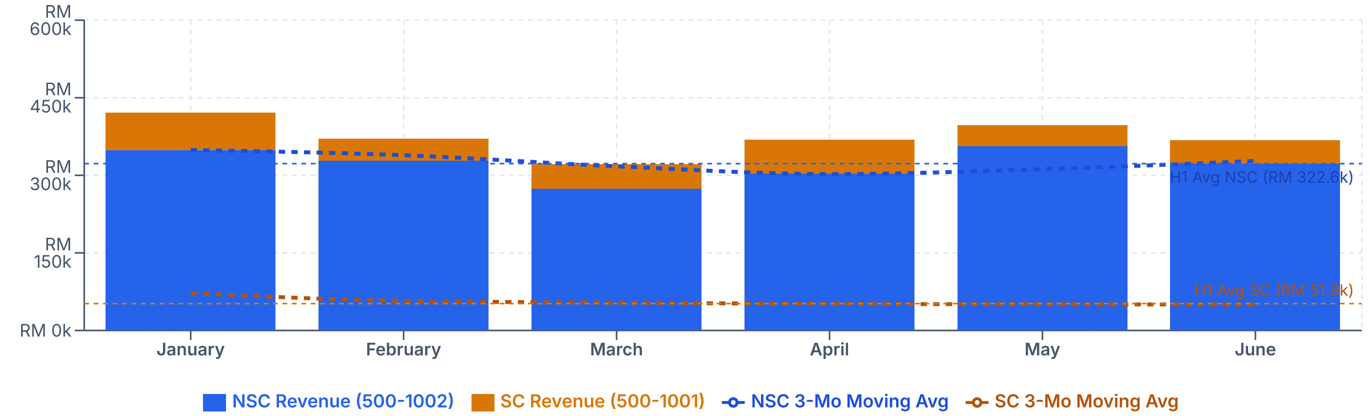
ANALYST Cautiously Positive Outlook

The operational narrative has stabilized — but payroll rationalization remains the #1 priority. Hotel Maluri enters H2 2026 with a strong unit foundation: weighted ADR of RM 161.68, RevPAR of RM 86.69, and an 89.6% room operating margin. Priorities: **(1)** Calibrate foreign contract worker hours directly to room reopening milestones; **(2)** Implement direct booking incentives to convert 5–10% of OTA traffic back to SC channels; and **(3)** Accrue unrecorded utility liabilities prior to monthly ledger close.

ROOM DIVISION & YIELD

1. Room Division Yield & Channel Mix Performance

Monthly Room Revenue by Channel (SC vs NSC) with 3-Month Moving Average



Room Division & Yield Strategic Analysis & Moving Average Insights

1. Channel Dependency & Moving Average Stability

NSC net channel revenue accounts for **84.8%** of total room revenue (H1 benchmark average: **RM 322,572.35 / month**). The 3-month moving average (MA-3) demonstrates channel stability between RM 302.4k and RM 338.8k/month. Direct SC bookings represent **11.9%** (H1 benchmark average: **RM 51,941.57 / month**).

2. Rate Dilution & OTA Leakage Risk

April volume expanded by **+16.0% MoM** (2,418 rooms sold), yet ADR dropped by -1.19% to RM 152.51. Accrued Booking.com commission reached **RM 11,908.78** this month (H1 benchmark average: **RM 12,853.22 / month**).

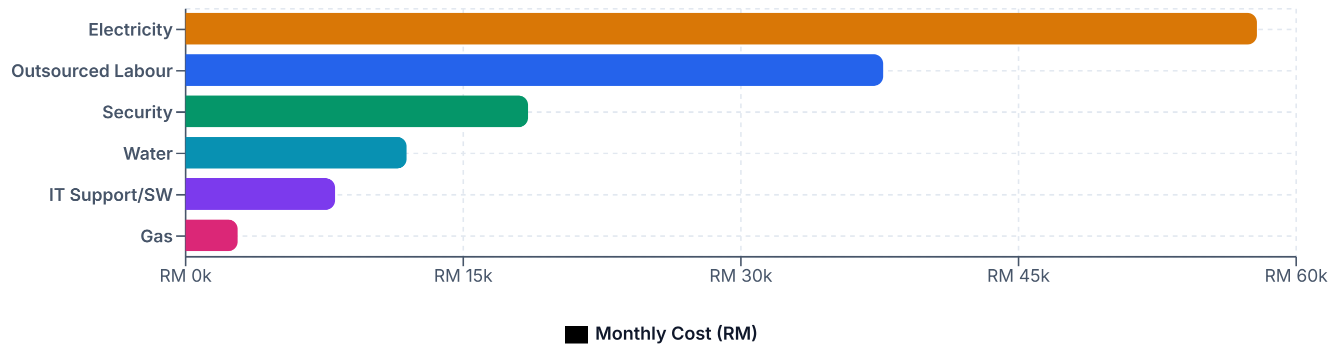
3. Executive Yield Recommendations

Maintain strict rate floors on OTA net channels during peak demand. Direct SC room gross margin remains resilient at **89.6%** (direct cost: RM 39,470). Direct booking incentives offer immediate margin expansion.

UTILITIES & CAPEX AUDIT

2. Utility Overheads & Energy Infrastructure Modernization

Utility & Operational Overhead 6-Item Cost Distribution (Total: RM 136,881.01)



Strategic Overhead Cost Analysis (6 Specified Line Items)

1. Electricity & HVAC Load (43.1% Share)

Electricity (`904-U001`) is the largest single overhead cost, averaging **RM 55,534.46 / month** (H1 Total: **RM 333,206.75**). MoM analysis shows costs peaked in April at **RM 59,813.12** (+2.3% MoM following March's +21.2% post-Ramadan surge), driven by peak room occupancy (2,418 rooms sold / 58.4% occupancy) and heavy Hari Raya festive banquet & catering HVAC utilization. FCU replacements and 3-core motorized valve wiring under Capex (`200-1000`) target a 10-15% kWh reduction.

2. Outsourced Labour & Guard Security (38.3% Combined)

Outsourced Labour (`901-2002`) averages **RM 33,822.10 / month** (26.3% share), peaking in June at RM 37,685.16. Security (`904-S002`) adds **RM 15,502.23 / month** (12.0% share). Contract staffing represents 38.3% of non-utility overheads.

3. Water, IT Support/SW & Gas (18.5% Combined)

Water (`904-U002`) averages **RM 11,681.73 / month** (9.1%), IT Support/Software (`904-ITST`) averages **RM 9,803.14 / month** (7.6%), and Gas (`904-U005`) averages **RM 2,359.53 / month** (1.8%).

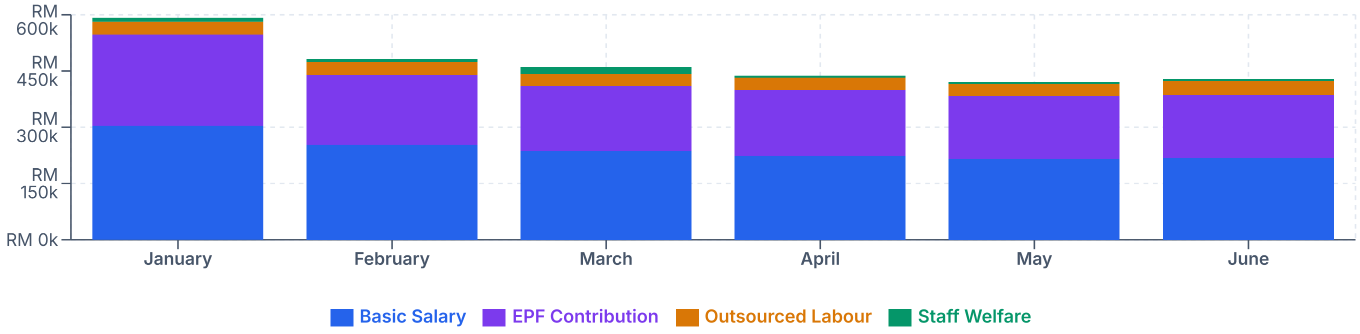
Energy Infrastructure & HVAC Modernization Capex (Account 200-1000)

No renovation Capex line items logged in General Ledger for June 2026.

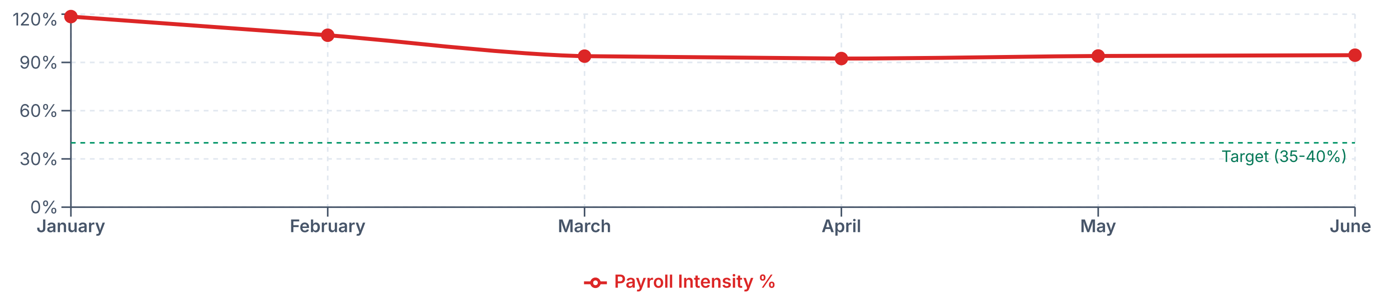
PAYROLL ANALYSIS

3. Payroll Structure, Headcount Optimization & Statutory Load

Monthly Payroll Component Breakdown (Basic Salary, EPF, Outsourced Labour)



Payroll Intensity Ratio (% of Total Revenue) vs 35%–40% Target Benchmark



Payroll & Staff Cost Strategic Analysis & Restructuring Insights

1. Headcount & Base Salary Optimization (-27.8%)

Basic Salaries (`901-1001`) dropped from **RM 304,141.14** in Jan down to **RM 219,465.63** in June. This reflects a successful **27.8% base salary optimization**, saving over RM 84,000 monthly in direct base payroll. Statutory EPF (`901-1002`) automatically scaled down in tandem as a function of salary.

2. Outsourced Foreign Labour Flexibility (RM 33.8k/mo)

Outsourced foreign contract labour (`901-2002`) averaged **RM 33,822.10 / month** in H1 (peaking at RM 37.6k in June). Adjusting contract man-hours offers immediate payroll flexibility during lower-demand periods.

3. Payroll Intensity vs 35-40% Target

Payroll intensity averaged **98.5%** of revenue across H1. Management must calibrate total staff deployment directly to room reopening milestones and occupancy tiers to reach the 35%-40% industry benchmark.

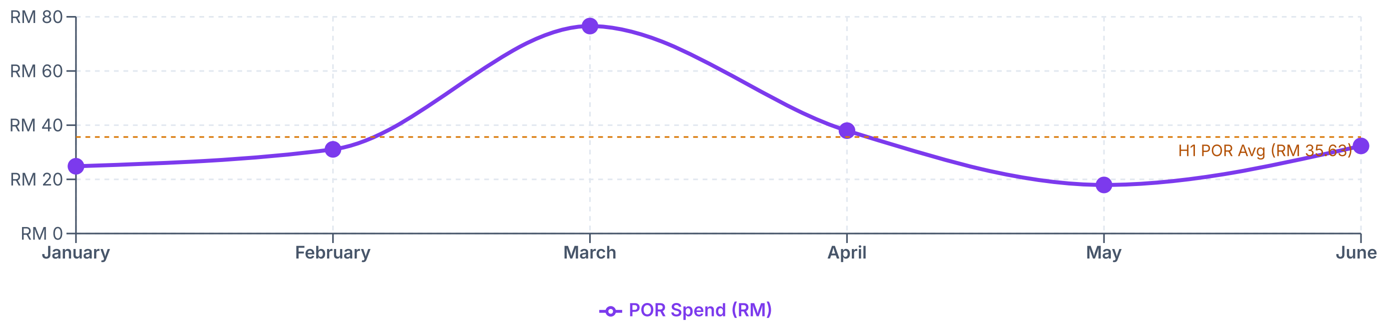
VENDORS & ANCILLARY

4. Vendor Overhead Compliance & Ancillary Revenue Watch

Fixed Vendor Contract Run-Rate Compliance

Vendor Account	Contract Service	Fixed Baseline (RM)	Current Month (RM)	Compliance
904-ITST	SC Systems IT Support	RM 5,400.00	**RM 5400.00**	100% OK
610-5000	BGD Access Parking System	RM 1,940.00	**RM 1940.00**	100% OK
540-1000	Gajah3 Cafe Lease Rental	RM 2,500.00	**RM 2500.00**	Income OK

Per Occupied Room (POR) Secondary Guest Spend Trend (RM / room night)



Ancillary Revenue & Event Volatility Analysis

Ancillary revenue averaged **RM 85,293.58 / month** in H1. Banquet Hall rentals (**RM 50,917.84 / month avg**) and Serambi Catering (March peak of **RM 101,489.71**) generate 89.8% of total ancillary yield. Tenancy lease from Gajah3 Cafe adds **RM 2,500.00 / month** fixed cushion.

Per Occupied Room (POR) & Minor Guest Services Analysis

Average secondary spend per occupied room held at **RM 35.63 / room night** in H1 (peaking at RM 76.59 in March). Guest Laundry (`500-1004`) averaged only **RM 135.64 / month**; implementing front-desk check-in prompts for express valet can unlock RM 3,000-5,000 monthly.

5. Financial Statements & Strategic Action Plan

PAYROLL & STAFF COST BREAKDOWN – JUNE 2026 (RM)

Payroll Category	June 2026	H1 Monthly Avg
Basic Salaries (901-1001)	RM 219,465.63	RM 242,605.46
EPF Statutory (Derived)	RM 166,515.38	RM 184,891.25
Outsourced Labour (901-2002)	RM 37,685.16	RM 33,822.10
TOTAL PAYROLL COST	**RM 432,729.18**	**RM 490,709.92**

UTILITIES & KEY COST WATCH – JUNE 2026 (RM)

Cost Item	June 2026	H1 Monthly Avg
Electricity (904-U001)	RM 57,878.55	RM 55,534.46
Water (904-U002)	RM 11,935.95	RM 11,681.73
Sewerage (904-U004)*	**RM 12.00**	**RM 4,975.00**
Booking.com Commission	RM 11,908.78	RM 12,853.22

STRATEGIC ACTION RECOMMENDATIONS FOR EXECUTIVE MANAGEMENT

1. **Dynamic Contract Labour Control:** Calibrate contract foreign worker man-hours (`901-2002`) directly against room inventory reopening milestones to bring payroll intensity down toward the 35%–40% benchmark.
2. **Recapture OTA Commission Leakage:** Implement direct SC booking incentives to convert 5%–10% of OTA traffic back to direct hotel channels, reclaiming ~RM 4,000–7,000 monthly.
3. **Strict Utility Accrual Auditing:** Ensure all unbilled vendor liabilities (Sewerage & Gas) are recorded prior to ledger closing to eliminate artificially inflated monthly net profit figures.
